

# Good Shepherd Lutheran Church

*Gathered, empowered and sent to share the love of Christ with all people*

---

## **Property & Technology Committee Member**

### **Description**

The Property & Technology Committee is responsible for maintaining the Church's physical and data processing property in good, safe working condition.

### **Timeframe**

No particular timeframe. Members may serve as long or as short as they wish, although most members serve at least a year and many end up serving much longer.

The committee meets on the third Tuesday of each month at 7:00 PM at the church. However only members that are interested in the overall planning and direction of the Church's property need attend. Such members are called "regular" members.

"Special" members usually attend the committee meetings only when a particular project they are involved in is being discussed. Otherwise, "special" members are called upon on an as-needed basis for various projects that require their skill and time.

### **Training**

No training is required for this position although being generally handy helps. . Of course, members that already have skills or knowledge in any of the building trades (plumbing, electrical, carpentry, etc) or data processing (computer repair, programming, networking, etc) are especially needed and appreciated.

### **Committee Oversight**

The Property & Technology Committee is accountable to the Church Council.

### **Staff Liaison**

Pastor Dave Berg and Mike Thilges

### **Contact for Information**

Committee Chair is currently Kenton Lynne

Phone: 507-289-9272
